I can provide any level of design that you require and I can provide a quote for any level you desire. Please do not imagine that this starter site pricing includes extensive, specialty, design work. Also understand that this pricing will provide a good site. A \$24.99 deposit is required to begin work. This amount pays for the domain name registration and the hosting. Once a home page is uploaded and viewable, an additional \$24.99 is due. After approval of the design and the completion of the second page, the remainder of the fee is due. Please contact me.
